Register Now: [www.aempin.org](http://www.aempin.org) Email: [training@aempin.org](mailto:training@aempin.org)

**May 21 - 24, 2024**

**HOUSTON, TEXAS USA**

At AEMPIN conference where TVET professionals, industry representatives and business leaders connect, grow, thrive and empower. Engage in professional development specific to your TVET field, advance your career and earn professional development hours and CEUs.

**THEME: International Education Leadership for Technical and Vocational Education and Training in the 21<sup>st</sup> Century**

Are you meeting your professional leadership goals at your technical and vocational school as a principal officer, educator, bursar, accountant, an executive or an administrative staff? How does your role connect to the school's mission and hold students as central to your work? Do you feel supported and empowered by your supervisor and colleagues? Have you set and maintained boundaries so that you have adequate time to execute your work?

## About the Conference

This conference helps you frame or reboot your affirmative responses to these and other points of your career. Guided by experienced conference leaders and working with a group of individuals in similar situations, develop your own professional development plan for implementation. Enhance your ability to deliver results that positively impact all constituents' school experience.

In cooperation with Texas Southern University College of Continuing Education, Americas Empowerment Institute deliberately designs a wide-ranging focus in our program to provide choices and variety that will appeal to our very mixed audience. We also plan a participant-only track within the program to offer opportunities for participants to

work with other participants on issues of special interest to them. We hope you will join us for a rich and substantive conference in gorgeous Pacific Southwest.

### STRANDS:

- TVET and Sustainable Development
- Promoting Access to TVET inclusion TVET for global Entrepreneurship
- Promoting how workforce skills determine global economy leadership.
- Global best practices and emerging trends of a modern vocational education
- A self-evaluation that can be routinely and formally used to chart your professional development
- Current technology can be used to strategically navigate your busy day and add value to your role
- TVET contributing to GDP
- New and emerging jobs
